Byddwch Bopeth Gallwch Fod!

In the event of snow / having to close the school.

Based on current forecast there's a risk of hill snow during the week. (Based on experience this can change quickly).

If the decision is taken to close the school it is never an easy decision and is driven by Health & Safety for all involved (local and travel conditions for children & staff have to be taken into consideration). We will attempt to move any snow on school premises to make it as clear as possible & main areas will be prioritised. (Please remain on the cleared and gritted paths as it's impossible to clear the whole school site).

In the event of having to close the school the decision will be made as soon as possible (we can only make a decision based on the current conditions & forecast).

As soon as a decision is made a text message will be sent, a message will be left on the school answerphone, a pop up message will be placed on the website and notification on the RCT website.

In the event of closing the school in the morning a decision will be made as soon as possible. If we have to close during the day – the same procedure will be taken.

PLEASE MAKE SURE CONTACT DETAILS ARE UP TO DATE.

As you can envisage we have no control over local road conditions or the routes the school buses follow.

***Hopefully, we won't have to close the school
but please make sure that the text messages are up to date & working.***
