

School Development Plan Summary 2025 / 2026

Year 1: 2025/2026	Focus	Details.
1.	Further refine attendance and wellbeing practices incorporating the new Welsh Government Healthy Schools initiative.	Attendance continues to plateau and was slightly above the school target of 91% (actual was 91.3%) last academic year
2.	Ensure consistency in opportunities for pupils to make more independent choices about their learning	Highlighted following the ESTYN report.
3.	Ensure that teachers provide useful and consistent feedback that supports pupils to identify the next steps in their learning in order to improve their work	Highlighted following the ESTYN report.
4.	Review and Develop Maths and Numeracy in light of training.	Following school self evaluation White Rose Maths had been trialled but it wasn't effective in PS 1 and 2. Other schools in the cluster have successfully implemented Summit Maths.
5.	Refine reading skills across the cluster.	Highlighted as a possible cluster initiative following cluster discussions.

Estyn recommendation:

R1 Ensure consistency in opportunities for pupils to make more independent choices about their learning

R2 Ensure that teachers provide useful and consistent feedback that supports pupils to identify the next steps in their learning in order to improve their work
